September 29, 2011 (Paris) – Cassiopae, a market-leading global asset finance software provider, has acquired 100% of the shares of Field Solutions, a UK-based supplier of software solutions and services for asset and credit finance.

Field Solutions offers finance pricing, origination, and contract administration solutions to 150 customers in the banking and finance industries. The acquisition expands Cassiopae's presence in the UK and Ireland and business opportunities within blue chip financial services companies in the region.

"Field Solutions is well respected among major banks, lessors, captives and introducers for its strong heritage in pricing solutions as well as origination, point of sale (POS), proposal and contract management capabilities," said Emmanuel Gillet, President of Cassiopae. "Together we broaden our front-to-back offering for regional, multinational, and global companies."

"With this acquisition our clients gain access to the industry expertise and resources that comes from Cassiopae's two decades in the business," added Alun Booth, Managing Director of Field Solutions. "We look forward to introducing the most highly-configurable global lease and loan system to financial services companies in the UK and Ireland."
